ASSISTANT is doing something with the chemicals, PROFESSOR is entering...

ASSISTANT

Oh, good afternoon Professor
1)_____

PROFESSOR

Hello, 2)_____. I see you're already working on the task I gave you?

ASSISTANT

Of course, sir. I just finished 3)_____ this acid with some extra portion of 4)_____ 's egg yolk

PROFESSOR

Good. I assume you used the 5)_____ 's method?

ASSISTANT

Actually, the 6)_____. It takes 7)_____ minutes less

PROFESSOR

Has your 8)_____ gone completely 9)_____! Do you have

PROFESSOR (cont'd)
any idea of the side effect it
causes at 10)_____ degrees
Celsius?

ASSISTANT
Oh my god - the 11)_____
effect!

PROFESSOR
12)_____!

ASSISTANT
Professor, I am sooo so sorry. I
totally forgot about the-

PROFESSOR
Quiet! The entire ecosystem of
13)_____ hasn't turn into
14)_____ 's 15)_____, so we're
good. Start the new process from
beginning, and let me see the
progress on the 16)_____
17)_____ rats.

ASSISTANT
Here, professor. I absolutely
followed your instructions
instead of professor 18)_____ 's

PROFESSOR
Not so stupid now, huh?
(approaches the rats)
So 2)_____, describe me your
morning routine

ASSISTANT
I wake up. I brush my teeth, take
a shower. I go to 19)_____,
and 20)_____ 21)_____ times

PROFESSOR
You double that number. And
shower after, not before. Then
maybe you won't make these
22)_____ year old mistakes again

ASSISTANT
Professor, it's an honor to work
with such 23)_____ mind like
yours, I love you, and thank you
for teaching me so much-

PROFESSOR
Don't thank me! Thank the
scientific principles and
almighty powers of 24)_____ 's

(MORE)

(CONTINUED)

PROFESSOR (cont'd)
teachings that lead us to push
the boundries of 25)_____
microbiology. Now off to work!
